**BIOGRAPHICAL NOTE**

Minnie Margaret Eslinger was born on March 1, 1902 in Port Royal, Pennsylvania. The daughter of Edwin L. Eslinger and Minnie C. Eslinger, Minnie Margaret was the youngest of four children. As a young woman, Minnie attended both Roaring Springs High School and Hollidaysburg High School. She received her high school diploma in the spring of 1919.

Following in the footsteps of her sister Ruth Eslinger (class of 1918), Minnie entered Dickinson College on September 18, 1919. Minnie chose to follow the Latin Scientific Course and graduated with a bachelor of science degree with a major in chemistry. While attending Dickinson, Minnie was also involved with the Harman Literary Society, McIntyre Literary Society, Y.W.C.A., Women's Senate, Metzger Council, *Microcosm*, and the Q.E.D. Society. She graduated Phi Beta Kappa in the spring of 1923.

Following her time at Dickinson College, Minnie enrolled at Ohio State University to pursue a master's degree in organic chemistry. She received her diploma in the spring of 1925 and began teaching at Athens College as a professor of science. Minnie also taught at Mae Murray College and Hood College as a chemistry instructor. Later in her life she worked for both Eli Lilly and Co. and American Cyanamid as a literary research chemist.

After her retirement, Minnie lived with her sister in Belle Meade, New Jersey. In 1986, following her sister's death, Minnie moved to Cornwall Manor Nursing Home in Lebanon County, Pennsylvania. It was there that she died on April 21, 2001.

## COLLECTION DESCRIPTION

The M. Margaret Eslinger Scrapbook contains a variety of items from her time at Dickinson College and Ohio State University between 1919 and 1925. Materials include letters, grade slips, school bulletins, event programs, coursework, postcards, concert tickets, newspaper clippings, holiday cards, account books, photographs, name tags, and such objects as utensils, cigarettes, pressed flowers, pinned badges, and napkins. Loose items have been removed and placed in folders according to the pages between which they were found.
