Ballymore Dec 29 1860

Hon Eli Sligo

It affords me great pleasure and satisfaction to offer you the office of Secy. of the Court.

I am induced to place myself in relations of confidence with you not only from your talents in the place, and the estimation in which you are held by the people of the State, but from our friendly personal relations.

I will confer with you (should it be your pleasure to accept the office) on the subject of the Def. Secy. Court and the other officers in your gift.

It is proper that I should say that I am clear that under the laws the Legislature must elect a successor to you in five days after notice of your resignation - There can be no waiver of the law, and as I am sure you would I could not permit a trust

of so much importance to the people to
be held in strict violation of the letter
and spirit of the act of assembly -

I have provided that there
will be no receipt for your presence here as
I will be in Birmingham on Saturday before
my migration - If in the mean time
that arrangement should be changed
I will write you -

Yours truly

It affords me great pleasure and satisfaction to offer you the office of Sec. of the Comth.

I am inclined to place myself in relations of confidence with you not only from your fitness for the place, and the estimation in which you are held by the people of the state, but from our friendly personal relations.

I will confer with you (should it be your pleasure to accept the office) on the subject of the Dep. Sec. Comth and the other offices in your [illegible].

It is proper that I should say that I am clear that under the laws the legislation must elect a successor to you in five days after notice of your resignation. There can be no [wavings?] of the law, and as I am now [illegible] I could not permit a trust

of so much importance to the people to be held in direct violation of the letter and spirit of the act of assembly.

I have provided that there will be necessity for your presence here as I will be in Harrisburg on Saturday before my inauguration. If in the mean time that arrangement should be changed I will write you.

Yours Truly
A. G. Curtin

My dear Sir
I am in some bound to
propose Wilcut for Secy. - He must
be elected for the month for the case of
war at 7 months being a promise to promote
my election - If he can be elected
by any fair means he should be
We can rely on him as a true
man and not afraid we cannot
on Cleveland - I write McFlinn on the
subject ^{last week} Will you see him and
Henry and others of our immediate
friends and elect him if you can -
But suppose it is of the first im-
portance to us all, and I have
no doubt of the result if you all
try it - You can use any means
ways to your extent and I will
come down if you think it prudent
I would have been more with
great reluctance but will do
about anything to secure this
point - Will you please to see
Wilcut at once and confer with
him - He will see you if the

is anything in the course of our
alliance but to be once more
launched. I have letters to that
effect this evening.

Your Well-wisher
a few others had better wait
and see what can be done and
write me by return mail to
know I shall write you a what
do.

P.S. There is no force in the sugges-
tion made by some that the expec-
tant for the South strike Wilcutt
they should be suffered to have any
other candidate. If you find it
elect him you will see regrets
it when too late.

A. G. C.

My dear Sir

I am in honor bound to prefer Wilmot for Senator. He sent delegates from the North for me and was at Harrisburg assisting to promote my election. If he can be elected by any fair means he should be.

We can rely on him as a true man, and rest assured we cannot on Cameron. I wrote McClure on the subject last month. Will you see him and Finney and others of our immediate friends and elect him if you can.

Rest assured it is of the first importance to us all, and I have no doubt of the result if you all turn in. You can use my patronage to some extent and I will come down if you think it prudent.

I would leave here now with great reluctance, but will do almost anything to secure this point. Will you please to see Wilmot at once and confer with him. He will tell you if there

[page break]

is anything in the rumor of an alliance between him and Gen. Cameron. I have letters to that effect this evening.

You, McClure, Finney and a few others had better meet and see what can be done and write me by return mail to whom I shall write and what do.

Yours Truly,
A. G. Curtin
31 Dec. 1860

P.S. There is no sense in the suggestion made by some that the excitement from the South hinders Wilmot. Why should he suffer more than any other candidate. If you fail to elect him you will all regret it when too late

Secretary of State
Harrisburg

Dear Sir:

You and
the gentlemen in the Military
Department, understand the
history of the Bentz contract,
and the difficulty about the
Overcoats up to the time of
my departure from Harrisburg.

It has now assumed ^{immediate} ~~urgent~~ ~~dictatorial~~
phase, that requires
settlement.

Gen: Biddle has
given notice to Mr Thor Webster
that he will not receive the Over
Coats made by him under
his contract with the State, which
notice, although bearing the name
of Gen Biddle, is in the handwriting
(signature and all) of Mr Bentz.
He has also given notice by a

2
I refer to the Inspectors, not to
inspect any more of the Coats made
by Mr Webster, a copy of which
was served upon him, by Mr
Snyder, one of the Inspectors.

Gen Biddle has acted under a
misapprehension, inasmuch as the
Coats ^{were} made faster, than the Inspec-
tors were ready to inspect and
receive them, of which fact, Mr
Webster, has abundant and conclu-
sive proof. - You are fully aware
of my anxiety to protect Gen Bid-
dle in the contract imprudently
made with Mr Benty, and but
for ^{the advice of} those who surround me, and
enjoy my confidence, I should have
assumed the responsibility of
relieving him, by placing myself
in his stead, on the second. -

To declare now, that Mr
Webster had forfeited his contract,
in order to let in Benty in preference,
would be so unjust, if not perfidious,
that it cannot be permitted.

Whiter, as you know, I have
always been willing to sustain

gentlemen in the various Departments
of the Government, in the discharge
of their duties, I will not be made
a party to a transaction of such
a character. - Mr Webster will
visit Harrisburg tomorrow evening
and I trust justice will
be done him at once, without
the necessity for my immediate
return to Harrisburg. The enclosed
advertisement has only appeared
in the Telegraph, and in no paper
in Phil^a; which must be an omission
on the part of Gen Biddle, as
heretofore all advertisements ~~from~~
for contracts for Clothing, have
appeared in papers published in
Phil^a and Pittsburg. - You will
please have this subject, and the
letting of contracts made on
Friday last supervised by Mr
Meredith. - I have some fears

4.
that Mr. Smythe, one of the Inspectors,
is in complicity with Mr. Bentz;
and Mr. Cochran should ~~be~~ therefore
be consulted in reference to the subject.

If you desire the knowledge and
advice of Mr. Wright on this subject,
telegraph him at once.

I wish ~~you~~, if possible
to explain Gen. Piddell from the
complications, in which he is involved
by Bentz; ~ and I desire you, to
have the inspection of the clothing
furnished by Mr. Webster, resumed
on Tuesday, so that the volunteers
may at once have the benefit of
the preparation made for them.

I shall expect to hear from
you on Tuesday by telegraph.

My health is much
improved, and I am so much
benefitted by my sojourn here
that I would like to stay as long
as possible.

Yours truly
A. C. Carter

P.S.

I presume, you of course
will wish that I wish you
to consult the gentlemen in the
Military Department as well as
Mr Meredith, but as there may
be no misapprehension, I beg
you to lay the subject, with the
contents of this letter before the
gentlemen of my staff.
