Alfred Johnson and ~~Brother~~

Mr Deane's third edition of the Laws of Penn-
sylvania, is certainly an improvement on the first and se-
cond, inasmuch as the references to the decisions of the
supreme court on particular statutes, ^{and parts of them} are more copious and
brought further down. These references are the result of
great labour and they are consequently accurate; and
they furnish the best index we have to the judicial
expositions of our statutory law.
