Sept 1 1843

Dear Uncle

I think it is time to write a  
letter to you, because I am sure you wish  
to receive one from me. I got home in good  
time on Monday and went to school  
in the after-noon. I think I am improving  
more ~~here~~ than at the Furnace I wish  
much it was winter that Mr Beak would  
begin his lectures. The boys say they are  
so fine. Last evening I looked at the moon  
through m<sup>r</sup> Beaks telescope ~~and~~ and I saw  
the mountains quite plain and I saw Jupiters  
~~and his~~ moons and saturns belt they  
all look fine. please to give my love to m<sup>r</sup> Hetty

and your cousin James

James B Henry
