Leicester 8 November 1842.

My dear Madam /

Your kind note of the first instant has been forwarded to me at this place by Mr. White. I do most sincerely regret that I could not enjoy the pleasure of meeting you on my late visit to New York. My disappointment was the greater, as to see you was a principal object of my visit. On my return from Dr. Rhinelanders on Saturday evening, I received letters from Philadelphia which rendered it indispensable that I should be there on Tuesday morning; and thus my prospect of pleasure in your society, for the moment was blighted. I trust, however, that ere long I may enjoy the pleasure of meeting you at Washington in good health & spirits. In the mean time, believe me to be most sincerely & respectfully your friend
