January 1

Started for Altoona at 11 last night—got there to Shriners Mosque [?] at 12. Danced till 4. Don Bestors orchestra. Saw Jimmy Nelson, Martha O'Brien, Betty Kemp, Betty Hibbs. Awfully nice. To Hof-Bra for tea + toast. Started to Patton Waited for sun to come up but it didn't so home at 7. Slept till 1, dinner. Kids left at 4. To Altoona for show. Dinner at 8 And dinner at Colonial. Home packed, to bed at 12.

January 2

Up at 5, to train just as was pulling in. To h-burg, got bus at 10:15. Got new burea in room when returned so had to fix my things. To music class, Wh home with me. At night studied. Dean is out with cold.

January 3

Up and to class. In aft slept. At night to library.

January 4

To class. In aft Wh home with me from music. At night to D-sonian talked with Billy about a Zilch supper. To Physic building to hear Deechin or I [?]. Library. Met Brownie. And so home. Asked me to Skull + Key, wouldn't go as he has spent too much money on me already (Dumb cluk!) Also talked of studying until he decided to do some.

January 5

To class. In aft found Brownie and went to Philippi's for a minute. Was to meet him in Dsonian room at 9 after I typed essay for Tennyson. Billy Woodward in and decided to vote for Whit Bell. However didn't have big light on Wh thought I wasn't there so didn't come in. I felt badly. Altho wondered if that hadn't happened. So home via Wertz.

January 6

Sat am no Brownie. In aft slept, then out for while up-town. He called while I was out, then called at 5 30 and wanted to come out, I said ok if he'd really show up—he was angry surprised then apologetic. Was absolutely sweet all evening. Bertie + Fred also in gym. Missed Skull and Key dance, first I've missed in a long time.

January 7

Studied history. Wh out at 8. Was still apologetic and sweet. Dear me—this cant keep up.

January 11

After basketball game with Juniata (27-23) we went around to fraternity houses, β , AXP, and ΦE . Billy Woodward, Naomi Gibson, Bob, Brownie Wayland Lucas, Betty Pyles, + I. Distributed questionnaires, more fun. To Wertz, then in front of campus drove car in front of Old West sang "Get out the silver goblet" then out by Psych building, scaring pedestrian. More fun.

January 13

Waugh's dance. To Bettys at 4, she came out for me. Brownie up at 7 30 with a gardenia. It was beautiful—a few violets (which fell out) At intermission we went over to the $\Phi\Delta$ house + got questionnaires for Roger Stephans + Waughs. Betty brought us out. Swell affair—missed dance with Larry. Made resolution not to see each other until after exams are over. My—how noble. When got home Wh was kissing me just as they turned on the light in the car to let us out. My—how Mr Lucas did laugh.

January 14

To Miss Fishers with LTA's at supper. Had to call Brownie for cards of mine which he had as I had forgotten mine, thus being the first softie. Had fun at Fishers—the Waterhouse girls, Annie + Francis there—there lots of fun.

January 15

Nothing much up—at night Constitution Committee met. Dean presented plan.

January 16

To class in morning. No lit crit studied history. After music Mr Brown walked me home—Who's a softie? At night no date.

January 17

Up and at it again—cut French just to show independence. To fool around. In aft to shop where Bob Trace and I had talk. He wanted to walk me out but by that time had changed my mind so came home with Larry. At night to Doneys—read report with Mr. Treyor reading words I couldn't. Talked for a long time, Intelligence and Gracie—Ralph + I.

January 18

Fooled around most of time Wh brought me home, at night to Farm Show in H-burg with B. Pyles + Wes Day. It was grand—and such clean animals, scrubbed + manicured. Enormous pigs, bulls + horses. Good display by Forest Conservation Commission. Saw a travelling doctors bus from Penn State + a mine safety car. Brought Mrs Pyles home. We treated Doney so bad he was unable to get to class—and we were all there on time. So Ralph + I to Geroges.

January 19

Knowledge I went to class. Not much gain. At night to b.b. game with Deb. Wasn't going with Wh. but met Betty in library + he was there. So to open house—ΣX where we were greeted by Billie Woodward via radio with “Her comes Zilch + Zilch” to Phi Kap and then Commons Club. Fun.

January 20

At night to Phi Psi dance + to Theta Chi for while. Lots of fun. At barbecue for intermission with Howard Gail + Sally, Bill Belford + Eama Slaight [?]. Danced with lots of people. In a.m. at 9 Chuck Nebo, Ralph + I to Wertz, sat talking of poetry, decided to hold a few meetings to read it, asking a few more. Chuck forgot a date with Betty Crane until chapel was mostly over, then suddenly “My God—I've got a date” so we fled. Talked to Bob Trace in library. He wants me to stay on paper for to write headlines.

January 21

Up for breakfast, then to church [?]. Mr Brown + Belford there so sat with them. He brought me home. In aft studied. At night he came out to study music about 15 to 8. I was gripped, and so we fought. Finally made up, but what the hell. He may be sweet, but so unactive [?].

January 22

Mon. To class. He said he would be out at 4 so I assented. Had bull session with Barbara + Sally over sex—as usual. He came at four. Not so good a time as all he wanted to do was neck. I can do that with anybody. We ended up by his telling me that he thought I'd let him kiss me, + that he'd kiss me even if we weren't in love. So I proceeded to think I should get all steamed up. He called up at 10 + apologized. But apologizes don't rinse hair on your chest.

[Between these two entries is inserted a scrap of paper. On one side is written in Hazelle's handwriting: “Metzger Dinner before Christmas Rather awful.” On the other side is typed:
“Miss Hazelle Allen
After drinking a gallon
She bought a red gown
And found it was Brown!
So What!”]

January 23

Studied. Then studied some more. In aft took music. Wilkie had a moth emerge from a cocoon just before I left—most upsetting. Exam not too bad, but I was thrown for a loss. At night did sleep with my French.

January 24

Wed—took Fr at 10:40 Ginie Fickes + I to Johns before. In aft with Bernice to see “Design for Living” very different from play, but very well done. In fact, is as clever dialogue as “I’m no Angel.” Movies are getting clever. At night to library. Met Sally + Marie in Wertz. Home. No telephone call. Well. Ok if that’s the way you feel about it.

January 25

Up and did some history paper, not too much. At 4:30 Wh was out Fun—to Wertz. At night he called me up.

January 26

Up and studied for family at 1 30. Wh there waiting for me. Quite easy. Larry Jackson met me after + took me down town. Did reading list after. To Denny. Ralph Thomp was there he + Paul Mangan took me to Wertz. And so home. at night to Dickinsonian to do essay. Lockwood Fogg there and we had long talk. Got home just a few minutes after Wh had called me. So to bed.

January 27

Wh called at 1 wanted to know if he could come out in aft. We went to Cave Hill, returned, then to market, got some stuff and to Bettys. Her mother away. Had toasted cheese sandwiches. Peg in to take Betty to farm so we left. To Wertz and then to choc shop as first full. Home and danced. Much good time.

January 28

Sally awoke, jaw swollen. So Mrs Evans said “Mump.” and I’ve never had it. Ah me! To church. Wh walked me home. In aft out about 2 30. Didn’t study. Wanted to know if he should come out in evening. Said it didn’t matter. Sally home with mump H. Gail took to H-burg. Wh said he’d call at 6 30. No call so I to Dsonian room for essay. Called Bob. Wh over. Fought most bitterly. He went home. Neither of us convinced.

January 29

Afterwards Ralph T brought Sally home, I to D-sonian room and typed article for Microcosm. Tried to call Wh—he was out with Betty to movies. But felt very concillitory. Waterhouse not there. Found Kahn at last minute. After Brown, Trace, Gibson, Pyles, Jackson, Woodward, Allen to Cold Springs Inn where they guzzled. My capacity being nothing, I drank some. Fun but Brown gripped. Bill suddenly looked at me as desirable tickled me. Didst even place a firm arm around me, unknown to Mr Brown. I think. So home, meeting Fred + Bertie who had gone to see “Eskimo”

March 3

Cut Lit Crit + Doney did likewise. Ralph T. again wished me to go to Beta dance. Not so. To town with Betty P at 9. In aft. Wh sent me some flowers daffodils 1 doz. Beautiful. At night to Com. Club + Beta dance. Wh was so peculiar rambled, in fact babbled all evening. I kissed him for sending flowers and he acted as if he wished to but was determined not to. Even Sally noticed how he went on. Went to Texas for something to eat. Got some ice cream. Said his mind was elsewhere. I was astonished to point of wonderment. Did he have a year [?], or what? He hadn't been drinking but it acted like he had + had gotten to talkative stage.

March 4

Up and back to bed. At night saw Mr Brown. Didn't kiss him good night and nothing much was said. Were to Texas for something to eat. Ask him what was wrong. Wouldn't say.

March 5

In aft called up Wh and asked him for his typewriter so he brought it out with me after practice teaching. Sat in parlor. He finally told me what was up. March 14

Up for classes. To teaching, then to print shop. Then home was going to library but laid down on bed. That was fatal. Slept to 9, then undressed and to bed. Naomi said Ralph T was in looking for a date for Sat night, also Wh was looking for me.

March 15

I cut, Doney obliged by also cutting. To other classes. Ralph + Chuck called me up. In aft to High School, at night to D-sonian library, then Nomi, Bob, Wh + I to Johns, so home. Tired. Mr Brown sympathized—and can he sympathize—no, not too well. Sat on his lap.

March 17

At night Wh out sat. Went to market, got a cake home Sat in gym alone. At 10 to SAE dance for a while. Saw Bob Trace and Helen then to Diner got a Hamburg And so home. Had a very sweet time. Nothing exciting. Good story—Hershel S called Furman Kepler + got him to invited them to ΣX house informal. Then they went + occupied sofa in dark room. But something bit them all up and they think it was fleas!

March 18

Sun—to church Wh walked me home. In aft was out at evening to Fellowship heard Prince on “Militarism” quite good. So home after a while.

Ralph Thompson was going to ask me to dance then didn't because he thinks I have a date. Not so good.

Wh + I had a fight at last minute he said or I said that perhaps not dating for a while would help. Then both of us denied saying so. We ended up by calling each other liars.

March 19

Up and away. I know not where nor why nor what.

At night to fights—imagine an open night Stayed for a while, then called Mr Brown up. So home.

Wh saw me after Social planning at 10 class and wanted to know what I was griped about. He said he was awfully sorry if he had hurt my feelings—so I came home. He called me up and apologized profusely—I accepted but not very friendly so had to make up in evening.

March 28

Date at night. Went to Bettys. Gang there of Zetas, so we played anagrams. Some fun. Then they came home. I had late permission so stayed. Betty + Maltie went over to Hospital, so we had nice evening to our selves. Dear Mr Brown doesn’t like sentimentality—a statement belied only by actions.

March 29

Home in aft with Tom Lazurus. Arrived at 845.

April 1

April 28

Phi Delt dance at night. Wore white sandals and pink dress. Corsage of a gardenia from fraternity . In lounge after first part of first half. He said did not intend to give me a sweet heart pin despite talking about it. So rest of evening pretty bad.

April 29

To fellowship + Dickinsonian room. Ralph T and Paul Mangan in Then Brownie dashed in with picture then out again. Ralph wanted to bring me home but said no. So home alone.

May 1

To Doneys in evening. Walked home. Read paper on Menken, and Marie Formad wrote 147 pages on Paul Elmer More. Ralph asked be to Beta dance. Said yes.

May 4

Called up W.h. and asked him to Zeta dance. He hesitated then asked for time. Then he hustled in and wanted an appointment—so came out that evening. Got absolutely nowhere.

May 5

To Beta dance with Ralph. Had an awfully nice time. Programs were picture frames. Chuck Nebo and Betty Crane went too. Wh away to Hburg—as he took great pains to tell me later.

May 12

Wh out in afternoon—took bag up to Peg Sharpes. Stayed about an hour—no one there. Wh unbended and kissed me. Tsk. At night to dance in time for first dance—an accomplishment. Was a wonderful dance. Grand orchestra, everybody pepped up—at intermission out with Peg and Percy Wilson, her brother and Mary Lee Jacobs to barbecue.

May 13

After dance to H-burg with Peg Perce, Bill + Jake. Halfway there got leak in gas tank. Spencer stopped at same station. So to Club Lids [?] Bill 8.75 for sandwiches + ginger ale. May 19

To Phi Mu dance out with Freddie and Bertie intermission. Had fairly nice time. So home to Metzger. Took Jurgon von Oertzon. He invited me to Germany summer of '35 for a house party. Seems his father is a politician—which seems very rash in Germany.

May 20

Had to ask Dean if I couldn't stay out until 12. She let me, so we argued for another hour. He said he would call me up on Sunday—he didn't of course. Also he said he wouldn't have any more dates with anyone if he couldn't have them with me. Joke of it was—he didn't. He even canceled his dance date with Betty P. but then I called him on Thurs and so then he took her to the dance.

May 21

We were coming home with Billy W. but he had to come

home early, so Doneys brought us home. Much fun. Gosh their nice people. Despite my better inclinations, I fail to find a perfect mate in Ralph—he has too thin a mouth.

June 2

Did write an abrupt note to Wh telling him to get his picture etc by H. Shortledge—imagine. He called me up and said as far as he was concerned it meant nothing to him, that he had not changed his mind. Then wanted to talk it over, was I doing anything at night? So he met me at corner of W + Louther. I wouldn't let him come out—we went to Cave Hill + thus canoeing. Silent most of time. So home—ice cream cone—then serious talking. It seems Betty Pyles kept calling him up so he had to go with her. Also he wanted to exchange a dance last night, but circumstances made it impossible. I said don't come out anymore. He didn't like that. May 20.
