My Diary.

Vol. 1.

Started June 10, 1919.
Ein Deutsches Sprichwort.
Frisch begonnen, halb gewonnen.
Well begun, half done.
Wednesday June 10, 1914.

In the little room, third floor back, of the house 131 Linden Street Harrisburg, Pa. I start this my second diary. The first and only one I ever wrote until this time was begun November 5, 1913 and lasted until December 18, of the same year. I was fourteen then. Now I am on the eve of my eighteenth birthday. Then I was in grammar school. Now I have just completed my junior year in High School. And in a year from now, if all goes well, I will be looking forward to my graduation, to the receiving of my diploma, as the graduates of the class of 1914 are doing today.

School closed this morning with chapel exercises. (Not very lengthy.) "Here comes the Bride" was played by the orchestra when Miss Blakezic and Miss Rotheram came in. While in chapel I wrote a letter to Miss Nelms. After school I went shopping and while down town I saw Brennan and talked to her a short time. Snail my letter
and came home warm and tired. (Today has been very very sultry) Saw my Mudder, Mrs. Heiron, Mrs. Keizer, Mrs. Joles and Bill, and talked to them a while. When I got home Carus (not) was there singing a sweet little song from "Little Miss E" which I was delighted to get, greeted me. I have spent most of the afternoon here in my room resting, since I do not feel so good. It was raining for a short time but now it is clear again and so hot as ever. Aubrey gave me a ticket last night for Commencement tomorrow and today I found another. Now what must I do?

11:00 P.M. This eve, after supper I went on Balm Street where I saw the Bunch. Later went to 145 and spent the rest of the eve, until about 16:30 P.M. Clifford Johnson is downstairs now. He landed in town yesterday. As crazy as ever. I feel much better this evening. I'm going to try to finish a book of rhymes for my little "Miss" before I go to bed.
Thursday, June 11, 1914.

Today was very warm although not as bad as yesterday. Went to commencement and enjoyed it very much. I was late so I used the Gallery ticket and let the orchestra one "go bang." Finished a copy of "Thoughtless Thinks" and sent it to Miss little "Mo" in N.C. This eve, I went on Balmy St., and saw the "beads" go to the "Formal (?) reception." Going now, but not gone.

I Tonight I spend with the "Little Lady." Ray Harkins wanted to take me but "mix" on that!"

Today was a drop where coolness was concerned but the sun was mighty selfish and let the clouds hide it most all day.

I want to church this a.m. and then to S.S. This is my last Sunday in town. Meanwhile (Don’t know just how long I’ll be away.) Write aunt Mary about this eve. Let her know when I leave.

Our rain of intervals, and east and cloudy. Cool and pleasant. It is about 12:30 P.M. and I am up in my room in a few minutes. Baby Helen was with me awhile early and did some mending before breakfast. We need a letter from Aunt May on this mail and she "blew us up" because she hadn't heard from us lately. I'm wondering what I'll be doing this time next Monday, in Bolts. Time will tell, I'd dear knowing wouldn't.

Mrs. Thomas was here this A.M. Today is the big "day transfer day" and by this time things must be pretty lively in town. I go but can't and I haven't all year to do it in. But I can go into the capital and see those flags any time I feel like going, so "ish" I must go get busy now. I may write more later. It is about 11,00 P.M. and I'm ready to jump in bed. "I" saved until 5:00 P.M. and was a cherished "made over, myself, spent the six last night. Pearl is sick and I do not know if her illness is serious or not. Of course I'm helping, with everyone else that it is at repair. Saw Dr. Hampton beside the regular folks. Got a card from Miss Johnson in Niagara this P.M.
Tuesday June 16, 1914

The cool spell is still lasting. Weather very pleasant though unusually chilly at this time of year. Was very busy all day. Did some mending. Washed and ironed.

Slept about one hour from this event. Still have the old indigestion. It has been my steady companion for the past week. Aunt Mary can’t do much today.

I am gradually getting my clothes in good shape and all is well. I’ll be ready to leave Sunday night at 4:15 this day. He said that there is not much improved. I hope she can get well.

Folks I saw today,

Miss,

these at 4:15.

Bessie,

Audrey,

M. and Mrs. Smith

Mrs. Goodloe.

Mrs. Clara Stokes Smith.

Read is better this eve.

Spend tonight at 4:15

"Just a week ago..."

Ever since I felt light-hearted,
And if my thoughts don't go a-trysting,
I'll within this diary every day...

With apologies to Nell.

I feel pretty good today. Got up at 7:00 a.m. and have been "on the jump" ever since. Had lots of fun with the "little lady" last night. She was my first fellow washed, ironed, and did any "odds and ends" I could find to do. The weather was very pleasant today. Much warmer than yesterday. Papa came home sick this P.M., with the same old trouble. I hope he gets better. I won't have to get my money. It was done today.

Mr. Hall, Mr. English, and Aunt Margaret called during the day. I (one of the "odd" jobs I did today was to pack my "Treasure Box" to take with me to Baltimore.)

Circumstances altered, hence the change in pencils.

Res. Sec. Mrs. C. Johnson and daughter Emma, and Audrey were here this A.M. Mrs. Mildred Agnes and Brennan were in about and "Billy," his aunt and mother, Mrs. Smith, Pearl Mrs. Harmon, Mrs. and Mrs. Bonner, and Mrs. Jones this A.M. On our street, Mrs. Johnson was over. He told me of the death of his brother in high society left for Chicago this A.M.
Thursday, June 18, 1914.

About 12:05 A.M. (night) I'm as tired and sleepy as I can be. This has been a long day. I got up at 7:30 and was busy until 4 P.M. When I dressed and went to turn over a few little articles, and was glad to hear from her. I can't mind if I get a letter from her soon as she has only written cards the last three times.

Mrs. J. J. Scott and baby son called this P.M. also. Mr. Bond A. and another gentleman. Mrs. Jones, Mrs. Lewis B. "Bill," and "Bill B." and Mr. Newman were in where we saw "Ral" and her mother. "Foot" and "Ignacio".

Besides folks named above, I saw today Mr. staff, Frannie Bess, Little Lady, Pearl "Mrs. Newman, "Midge" Braxton, Baby Helen, "Nancy, upon whom Bess and I called this afternoon. I think they're too dull for any use. Paps is a little better. Weather was great all day. Hope it continues, at least until lunch in the "big city." Have a full day tomorrow too. Must get in the way. Hence "Gute Nacht."
Friday June 19, 1914

This has been a very quiet day for me. It is now 11:15 P.M. and in my room preparing to bed. I just got in from 145 where I spent the day. In fact, with Mrs. Henry as she was all alone. I got up about 8:30 this a.m. and tried but after a few hours of work I couldn't bear it and went for a walk. The mail was as follows: Composition A, Declamation B, Virgil B, Geometry B, Music A, German A, Rhetoric A, Chemistry A, Department 96, History 0, Medical 0, general average for term, 92.56%. That's not as worse as I see it. Now I am conscientiously say that I am a Senior! Whoopee, my dear! Aunt Grace and Bob left today. I did the rest of my shopping, went downtown and we came home together. It stormed a short time this P.M. but the most of the day it was very pleasant. It only clouded Mrs. Smith. I went to a meeting of the Philanderers and entertainment was made and we found that $31.75 was

Besides folks named above, I saw today, Mrs. Annie Davis, Mrs. Chester Littleboy, "Bill" and his folks, Dr. Leyton (who called this P.M.) and other neighbors on our street. Pheen is not so good today. I am happy, however. This is my last night out. I am glad and excited. Must can do now. Good night.
Saturday, June 20, 1914.
Today was very very cool and I was very very busy. It is now 12:30 a.m. and I'm about ready for bed (Activity as I can be.) Pearl left at noon and I missed her very much.
I took the train to Kandy this afternoon. I have just had a "picnic" telling her goodbye. Saw all the friends on our street many times today, also several Philanders, fellows and "Gama Redden." Cleaned my room this A.M., and left it looking like a "flower room liner," also did my last time (for awhile) and May be in a while.

Since this is my last night at home, I think I'll try to get in a much needed "snore" as late as possible. But must have light, and late night.

Eaten breakfast at 11:00 P.M., although I got up at 7:30 A.M. ate supper at 9:10 P.M.

No wonder I have indigestion!
Sunday, June 21, 1914.

Here in Balt. at last! About 11:15 P.M. in the new home on the famous Avenue. Left Hilo at 9:45 A.M. and arrived here 9:15 at 14.05 P.M. "Eld." and aunt Mary met me. I’ve seen as many of the dear old friends today and every one seemed glad to see me. Will I get homesick? Well I should say not as soon as I got here, and Mary had me first on my nest. Spent most of the P.M. lounging around Dorr’s and "P.D.S. Penny" were the first callers we had (You’ll I is here too.) then dear little "Little Littles" and Betty Y. came in later. (Lost weight in the "bug" and found that I’ve gained 1½ lbs. since school closed. Weight now is 95.) F. E. Rogers was here this eve. Besides those named above, I saw today all the dear ones on Linden St. at home, Paul Frick, Mrs. Harvey, Melva Braxton, little daughter, her mother, "Loonie" Vivian Peck and twins, Purvis, Mrs. Chester, Uncle Jim, Chester Mrs. Brant, Mrs. Logan and many other Baltimoreans. Walked part way home with Afternoon this eve. and later with Aunt Mary. Went to Dot’s drug store, where we got cards and soda, wrote to the home folks while on the train, also to Ennice and "Little Miss E." As I’m very tired now I must close for today and play the "cable" in the box instead of "Turkey". Good night, mrsc.
Monday June 22, 1914.

Sunday, July 5, 1914

Two weeks ago I landed and it just seems half as long. The weather today was more like that which would come on Oct. 5 instead of July 5. It was almost cold. I wore my coat around most of the morning. Didn't go to church today. Dressed about noon and sat on the steps to watch the folks pass from church. Saw lots of folks I knew and quite a few stopped by the house. About 4 P.M. Delano came in and I dressed again in my new turne dress and together we went up the Park and made several calls then we walked out to the park and sat down on hill (ended from Easton Place came home by way of Mt. Royal Ave. to cathedral st) stopped by George's for a short time and about 9:00 P.M. I started to home. We landed at K. at 9:15 P.M. One of Aunt’s Miss pupils gave me a dry-shampoo and scalp massage this evening but stopped by 10:00! In a “few seconds”. The result was that I almost landed at 9:00 until about 8:30 pm. She took me walking and while we were out we called on Miss T. Matthews, and stopped by Dr. Young’s where we had sundries. Got home or at 9:30 rather at about 10:00. Sat down a tennis and talked until after 11. (10:00 toward 1200.)

Folks I saw today: Aunt M., Mrs. B., Miss Wheelan, Glen & all of the folks, hell, Mrs. McDole + others. Miss Fisher, M. Dr. Young & Mrs. Y.

My diary is 5 weeks old today. I like it. I am growing older. Tomorrow will be my real birthday. I am not mistaken. I first saw the light on Thursday A.M. July 16, 1896. The train clock is just striking twelve, and I am ready to turn in. I kept house today. I spent my time reading and writing, answered my g letters and sent every one. Also sent away my pot cards (plain.) This last eve. Of my 17th I went over to Nell's and slept. Had lots of fun at both places. Nell gave me a "don't open until tomorrow" birthday present besides 4 pictures. (The ones we took in the people one week ago.) Came home and went with aunt m. to Mrs. Zingle's where we had a party. Wrote some cards & letters to mother Braxton when I came back. It is really decided that we go to philae. Monday. I'm so happy. Hope I won't be disappointed. I saw today all the g. M. D. Jones' death. It came as such a shock to me. I just sent him
a card last night. I just finished a letter to his mother.

My day went as usual, except for a few meetings. I met
Mr. and Mrs. Smith and Mr. White, and a little girl, El

In the country today I was "near nature's heart." With Aunt Mary I went out to Chilcott City about 9:30 a.m. where we spent the day (until about 6 P.M.) with one of her very rich customers, Miss Jacob Stranex, whose husband is a "near millionair". Had a lovely time. Took dinner with the lady and her young son. Her home and its surroundings are magnificent. The man and his wife are very kind. I managed to smuggle into the good graces of the young lady. When we came home I went around various places, visited Mrs. Pearsall, Miss Borden, Dr. Cade, Mrs. Dr. Peckham, and Mrs. Davison. I stopped off at a few seconds' lift and received a card from "my little sis". 10 a.m. Western was fine in the country all day. I felt good today. Thursday, November 26, 1914. (Thanksgiving Day)
A day like those in distant Bali, where we had some fun. On this, the 20, Helen slept with me last night, and we had lots of fun. We got up about 10 A.M. ate breakfast. Hooked around till 1:30 P.M., then Mrs. Dandridge and Mrs. Annie (Conroy) Caughey came around with the lunch. We ate well, Helen and I found delightful games and mechanical things back. It was glorious. Then we met Mrs. Conroy and Mrs. Reilly. The girls, mrs. Conroy came back with us. We didn’t go to the game, but Helen won by a score of 19—12, which wasn’t as bad for the outsides as 13—2. Considering everything, at 4:30 P.M. Helen, “Littlebite” and I went to dinner at 145 home, dressed. Then we went to the Henry Lee Grant Piano rental, which was built. The dance after wards was 0.15; though and after getting lots of food, we came home about 9:30 P.M. Now at 2:10 A.M. we’re retiring. Dead tired, but otherwise all right. No mail today. Weather was glorious. The prettiest in Thanksgiving that I’ve seen in a long while. Besides those things above, we saw today, Wilson Craighead, all the Philanderers and “Bill” and “Jimmy,” all the older bunch, all at 145, and Mrs. Sours, Helen’s baby Helen, besides lots others. I forgot. I must cut this now. Say goodnight! as here goes

There are no class in High School that can compare with the one of 1915 but we didn't have any class in Plain View, nor the other. This letter from "Peg" was written.
Tuesday, December 1, 1914,
12:15 a.m. a hole well, in town, but otherwise 0.10, weather cloudy during all day. In mail. School went along alright. Nothing very interesting happened. Was out aunts Dr. Lewis' after work; the two played for a few minutes at each place; come out home then with "kil". Almost all afternoon to get a hold in which to practice basketball tonight. We got Cornell Hall 416. Had a good walking. All the brand new present but "kil". Everything looks favorable for the fire - and we are going to beat the jitters! Just wait, mon. Goodnight!

Wednesday, December 2, 1914.
One week ago tonight my joy was unlimited - well was here. But alas! what changes a few days can make. Tonight we are 84 mile apart. Oh if I only had wings! Weather has been damp, foggy, and generally disagreeable all day. And now (12:15 a.m.) as in almost straight line. I go home rain or no rain. A meeting tonight! I was tired all day. Missed come. School was 0.10. I took my dinner in all were present but "kil". Everybody fairly well. Did nothing much to keep me worried just now. So I feel the need of sleep. The sleep of the just. Goodnight!

Thursday, December 3, 1914.
12:30 a.m. a limbering rather tired but otherwise all OK. Set up at 7:0 a.m. started. Went to school, where had a good time. Went back to the old oil. Tonight it's still cold. I got two dear letters today from my little "little miss" who sent me a picture of herself, and the other from "little miss" I'm crazy about it. I called "sweetest picture" of herself, morning. Last night Mrs. Scott and my little miss and myself all are well as 10:00. Nothing much to worry over, have good night.

Sunday, December 6, 1914

Some pretty disagreeable Sunday. "Nothing but" witness all day long. Got up about 10:30 a.m. didn't go to church, but managed to get up at 10. We had a class meeting after it was out and voted not to give our "beloved" teacher a "depressed present." The new minister, Rev. Ray, was present today to take the place of Rev. Lee, joy! Oh but I hope his 'wife' is pleasant. This week I called on "Mama" and "Sister" and at 11:00 where I played part of the lot. It's now 11:15 p.m. Worth retiring everybody well to sleep. Have a nice for Tonight as 9:11.

Friday, December 25, 1914. — Xmas.

A real Christmas day in every sense of the word. Just like Boston — on a smaller scale. But we had regular Xmas — clean, crisp, cold with the snow yesterday. 2. Santa Clause at the mail man treated me finally. 3. I felt good. 4. Lots went into mother's buns. I got up about 9.45, my helped mamma finish my dress (which turned out clumsy) and Xmas gifts, January which was a handkerchief, 3 lib. box of figs, chocolate from Nelson went "calling in the neighborhood" a rethines the Nelsons came in. we went to the M.P.C.6 nursing home which lasted from 3 to 6 p.m. all the lunch was there, but had lots of fun. When it was cut we went up to a ball and many of us to see "Miss Mary Ann" who is here for the holidays. After spending a short time there, Nelson went up to Rachel's, where we played whist and after 10 when we left there a note at 10:15 p.m., we came very happy Everybody but feeling a lot of strangers left everybody and in town a lot quite a number but I got them so well.

G. (Raya's for the Xmas.)
Saturday, December 26, 1914

This in truly a "day after the night before" sort of day. I'm tired, but such a delight. Times are really sensible and restful all day. The first fruit from home was to see "Mill." This was some day, a little beautiful. I got up at 9:30 A.M. entertained callers most of the afternoon. I was about 1:45 a.m. Mrs. Lewis besides "calling" on "Mill." Folks who were here were Walter Craig, Philip Jones, Emma, some friends, "Little Lady." At 1:45 I sent out cards and a beautiful box of chocolates from my "littles." It is now 12:30 a.m. good night.

Sunday, December 27, 1914

This the last Sunday in the old year. I was quite busy. I got up about 10 A.M. dressed in my new dress. I went to the S.S. after which I went up to lunch with Margaret to see "Miss May Anne." Helen's and I were together. We took dinner there. Came home then I "called" on Mrs. Lewis. Miss Jones. Kids then at 1:45. Came her now (about 10:30 A.M.) and am spending the night with my dear little "littles." I'm well, but this blue weather is fine. It has been great all day. Everybody's well. good to say. Must stop now.

Goodnight! (with love to, Chilander, Jane, etc.)
Monday, December 28, 1914

Quite some day, this. I got up about 9:30 a.m. Took breakfast at 9:45 then came home from there. I went to "kids" & stayed there most all the AM. About 4:30
Gingery came to tell us "to, to" when he left, went downtown with Billie Hoyt. Bought some cards then went to see "Miss Mary". This was from 8 to 10. We had our final basketball practice before The Game. It was good & all were present but the 2 Browns I feel rather tired now (about 12 P.M.) I am retiring.

Weather today was beautiful - not as cold as yesterday. Well, one from Glen, a Christmas card. Read a little long talk in "Bible Assembly". Got home about 8:30.

Tuesday, December 29, 1914 (Papa's birthday)

Only one more day and then - the game! This time something might well happen. Who's who in basketball? Oh, I hope we win!

Got up at 8:30 a.m. went to Leech to hear lecture on Caesar's Battlefields, as they look today (illustrated by Prof. Pennington of Harvard). I was good. The day has been quite disagreeable - rainy & lousy.

I went out to Bess' & Eva. went to Leech to hear lecture on Caesar's Battlefields, as they look today (illustrated by Prof. Pennington of Harvard). I was good. The day has been quite disagreeable - rainy & lousy.

It was after 2 a.m. now, and nearly dead, but I
should bring on my joy, and then some, the game was
and I think those were, the victors—case 4-9. It was
some game. You think I had the extreme pleasure of
knocking out Martha. I mustered all the way
out! I was given a pretty big alarm in the start
but I stayed in the game. We're late, now we know
who are the champions of Harrisburg ( Claims)
the Yankees kicked the Heracles, the big by
score and we were all tickled. Got up about 9 a.m.
went to town, over to "K & K", to tests, 9 to 145, making
calls. No mail came. Weather was very pretty.
Must turn in now as goodnight! Everybody.
and we're all happy. Why shouldn't we worry? 9 M.

Thursday, December 31, 1911

I have bought this way after 2 a.m. again. Just
in from a party, getting ready to bed. Cold day. So I've
taken the table. I'm a stiff. I was up about 11:30 a.m.
all the Philandered except I. I was late and the game was
"45. Went to an "at Home" at Mrs. Bakers this P.m. and
up to her home where William gave a party to "10 Philanderers"
the holiday; there I managed to get to watch my
best friend's party. I went back. Weather was fine. I didn't stay
at St. Louis. She came back from St. Louis.

Friday, January 1, 1915 — New Year.

What a happy New Year, dear Genevieve! Old 1914 has gone. Father will I see in this year. Well, Judge, I'm really some Society Lady. Get up this A.M. a little sooner. About 11, dressed, I called on Miss Conway & Miss Smiley at Rev. Ward's, then I went to see the Mayme's Pond which was fairly good. After which I "called" at 609 and here, then came out here on the hill a want to go "at home" at Mrs. E. H. Robinson. Fanny Carmen was in Ohio! We had Aunt Mary, Aunt Mina & Uncle Sam here for New Year's dinner. When it was over, went to 115 + I "dropped in on Miss Jones & Miss Leevy. At almost 2 minutes after that I went in to Brassett again when I helped (Els) lady Lewis' call from Washington so in town. Quite the Hall and as a spectator watched the folks the Knights of the Round Table. Some rebel affair. Lots of strangers were there. Some I remember, such as Bough, of Bath, lawyers Mr. Vanf, Jessie Matthews of Pittsfield, Estella Wells of Pittsfield, Miss Williamson of Wash. D.C., Miss Jenkins, Miss Conroy + Miss Smiley of Jersey, and many others. Forgot to mention the day. Weather fine. All are well. So I should say. Love to Mrs. Goodnight. (It is 2:30 A.M. now.)
Saturday January 2, 1915

Holiday rushes almost over now; and school term is all but here again. As usual I'm retiring early — in the morning it's about 10 o'clock; feeling O.K. only still rather stuffy. I got up about 6:30 A.M. washed and put on clothes, and then went calling. First at Rose. Miss James came there with me, and we all went to Mrs. Pundinger's. Miss Jessie (Mrs. Vann) was out so we did not stay, we went to Miss Vann's. I met her there though. After a few minutes we went into the house at three: Mrs. Steve and Miss Willaman. From there we had a barrel of fun. Stopped by Aunt Miss. In a few minutes Miss May came her good friend. We went to Rose's by poison drug stores that we came from. Stopped at 5:30 again then went to the movies. Weather was great all day. Left came this a.m. from Mrs. M. Clovis and Miss Emma Murray. I got to my aunt's at 6 P.M. which was not acceptable a which abs and asked Aunt 6:30 P.M.

Sunday January 3, 1915

Vacation is over and work until June is now in order. This the first Sunday in the New year was quite pleasantly spent. Got up about 9:30 A.M. went to church; got there about 10:15 A.M. before closing time. "Out" Sunday School went with Helen and Bud's Daughters where we saw a bunch of folks and had lunch with Mrs. Lang. Then went to 609 took Miss Willaman. They left agreed here. Then I came out here on the hill and called on Mrs. Moore and Mr. Moore. He agreed here. Then I went to Miss Dan Bridges a new old Pittsburg bunch. I left this Mrs. Strickin. Jessie Mrs. Vann. Miss May got in town. Met today Miss Pitts. I and bought. They all left tonight to go back to Pittsburg. Quite a good time this day. Slept the last. Quite pleasantly at 11. About 12:30 P.M. As Goodnight.
Monday, January 4, 1915 (Little Daisy's birth)

First school day of the New Year and I find all well—me too.

School was fine. Got up at 7:55 A.M. and after school went to see "Lilly Burns." Went with her to the hairdresser and then came home. Went to 145th St., my hairdresser's. But there was more on little Daisy. I went to the hairdresser, but it was beautiful. No mistake was. It is now about 12:45 and I am tired on here. Hence, hence.

Goodnight.

Tuesday, January 5, 1915 (this a.m.) My dearest schoolmate is morose. I never dreamed this day would terminate thus. Surely this must conclude this day. The inevitable has happened! News came this a.m. at the death of our dear little Daisy. Oh! I can't believe it! Possible such a sweet fair flower, snuffed out by the chill breath of the grave. While just beginning to bloom. It is an event which though long expected, still makes us feel our sadness. We all feel and support at noon. I was up at the depot to see Estelle Wells. If I was only dreaming, but God's will be done. Goodnight.

Wednesday, January 6, 1915.

The heavens tonight, are mourning with the rest of us. The loss of our dear little girl. Rain mingles with our tears of sorrow. It has been wet and gloomy all day. Everybody has been so sad. Well—me included. So other than feeling depressed, got up about 7:45. Mrs. Harrington got along O.K. No mail here to agent off. 4 cars. That's all.

Weather cold. Rain plucks the peevish. Finished reading the Taber's by Scott. This is an unread un-conclusion of. At 2.30 a.m. Goodnight!
Thursday, January 7, 1915
Today's program was as usual — got up at 7:00 a.m. — went to school where all went well, after school went to mom's. My baby was there. Then came home. At 2:45 the baby was in bed. I went to bed and wrote a letter of sympathy in the Great Liner. I must retire. I felt well but oh so blue. I completed a rhyme today which I wrote last night aboutsweet Eunice. Bless his dear heart. If she only knew how much we love her. But she's happy and was at Brennan's. Eva's a 145 this year. Mom's about 145.

Friday, January 8, 1915
Here at 11:30 tonight. It is now 11 p.m. & C. getting ready to retire for a change. We went to school as usual but along 0.40 am playing with Miss. Norma & "little lady" in town. To meet the funeral party which gets in 3:20 a.m. We got the young & Mrs. F. called to see about them. Must match day Novos. Goodnight.

Saturday, January 9, 1915
Today was a day for a change. The dear little girl was put in the last resting place. I went to Bethel Church at 10:30 and it was the most beautiful and as well as the saddest. I saw much attended. With Ann, Jane Blair, Mrs. Harris Johnson, and what almost looks my head was when we had to single her in the casket. Beneath the casket. It seems possible that she really is dead. Jane and my brother were present. It felt heartily sad the rest of the day. Got up at 7:30 a.m. Christmas Day.
Sunday, January 10, 1915

Today was beautiful. Spent it very quietly. Got up about noon.

didn't go out the street other than to Steven's drug store.

Wrote in my Greek History note book and went to 145

trials. I'm feeling fairly well, but still sad. Packing lunches.

The way young. She was beautiful, both in appearance and in

character. The Lord and was kept by all God took her

from this earthly Garden to transplant her in heaven. The

flayer is hard to bear, but as she would have said, "My god will"

begin," as we phaely, and do say now. It is about 2:15 a.m.

must retire - Goodnight. All are well.

Monday, January 11, 1915

1:40 a.m. made my bed and nervous and not felt

that way all day. Got up at 7:30 a.m. went to school, got

1:00. Went to 6:09. I read "Thoughts and Emotions" to Lady S. Had

pleasant times. In my domestic science lesson also my

hardening lesson. I got along alright in both. Weather was

beautiful today, but snow which has just turned to rain, lies

been pretty heavy early this morning. Got a letter from Van old glam all

And I can get 1000 copies for $5.00—which means $2.15 clean profit there. Oh joy! lady 2 came out as though as me. "Polly Anna" is read. He is great. I'm half through it now. Order was beautiful. I received a card from "our pal" Mrs. William. Mrs. Smith the stock puppy at 1:45, I went to the movies with my "mudder" had lots of fun. I got a note from my long, tall, Notify Gil

date blue from M.E. They have a church tomorrow.

Monday January 18, 1915

It has been enough now to last 200 years.
Friday, January 22, 1915.

It's good morning is Saturday, 2 a.m., and I'm just getting to bed. But all the fun was had with our friends. Whee! It's great! Chemistry is over and I think I'm O.K. but gee, it was hard. Weather was fine all day, about 3 p.m. and I decided to go out. It was about 10:30 a.m. when I got up.

Saturday, January 23, 1915.

1:30 a.m. and I've just finished uncleing my cold. I'm ready to bed. I must have lost both, sneezed and coughed till I couldn't see from cold tomorrow. Weather was bad all day — rainy. Thought I'd take the "cut" made today, called up Mrs. Lewis, and they said they'd come. They're all got up about 10:30 a.m. Got two cards from my little niece, and a letter from my little niece.

Friday, January 29, 1915

End of first term in school.

Murder case: 11 P.M. I am actually retiring. We heard the story of the murder this evening. All the people are talking about it. Mr. Devil was a neighbor to our house. He is very nice and was a. good neighbor. He was killed by Mr. Jones. We heard about it last night as the murder was still present in my mind. We have been busy ever since. We made about 9, 30 a.m.

Saturday, January 30, 1915

1 A.M. - Bin working in - been on the job today again. The funeral was this afternoon and I went. It was very sad from the church. I went to see Emily about the funeral. Miss Summerson and  Miss Conaway came. They are really great. The day was beautiful, only quite cold. We had a picnic at the Summerson's. My report came on the 92.92 last - average 93.25. I went to work on 6:30.
Sunday January 31, 1915. Work last week and month is over now, and hope if it is to be, that I will not have to experience any more months like it. Today was cold & snowy, all the horses blew snow well and there at 148 fairly so. My cold is still hanging on. I got up about 10 a.m. dressed, went over to Rev. Ward's when finished work (not much work then) then I went to U.S. after dinner went to 60 & 61 Boarst where I played another game on some short table. Also had to see Mrs. Goodsell at Mrs. Brearly (both sick in bed) then at 4:30 to Rev. Ward's again. I spent the rest there and now at 12:15 a.m. I'm ready for bed. No more so Goodnight [Page torn]

February 1, 1915. (Monday) Term begins.

A cold, wet, slippy rainy day. I ache & feel a dampness with the dampness. The rain, rain storm from early a.m. to late. Still 57 degrees. Got up at 7:30 a.m. paddled in to school to take algebra lesson. Called on and in a daily fence. Went to school for regular work. Came in the P.M. session this morning after school. Went to my luncheon & tonight far. Can say that the books are mother mind. School went along O.K. as well as before all day. 11:30 p.m. as usual. Was over to see Hattie whose father this evening.

February 2, 1915 - Tuesday, Groundhog day.

12:30 a.m. & another day done. The day was soft & dull like yesterday only colder & not as wet. The ground thawed not as much shadow. Got up about 7:30 a.m. went to Bertha, a dance at 1:30 & phone then headed off went to school where all went O.K. I've felt awful blue today thinking about darlings little Bewick. Miss Diamond got me something that was the kid's and oh how I do value it. My dear pal was shite, half very well, this time last year for nearly ten months. No school today. Wrote to Bertha, going at last. Hattie left this evening. Had them to tell her goodbye. The long, toll etc. dream - Mrs. Dowless of S.C. called. Oh, my cold is still in evidence no more now as of 2:11.
Wednesday, February 3, 1915

11:30 P.M. - I'm retiring - tired but otherwise O.K. my cold seems a little better. I got up about 10 A.M., studied, got to school when all was well. Day was gloomy and quite cold. I wore the deer scarf and hand which dear Aunties and everybody liked the most. After school I called at 609 4th Bldg. St. I had a pleasant time, then came out here. Stopped at 1453 and wrote a letter to Mrs. Dunlap - then stayed with Miss Johnson as the little lady was not very well today. All were fairly well. I'm still rather blue. No more colds.

Thursday, February 4, 1915

Oh if only we were living in a land of dreams, where all the things which had made me feel so blue and sad were left, could be polished from my mind forever. They say that coming events which my head is a few days would not cause me even though I would be the best if it did happen. But for the heart, a few days would make me feel so lucid. And the lady said her mind, after a few years of school, I should be at the Normal, even if she had to go to St. Louis, etc.

Friday, February 5, 1915

First school week of the 2nd term is over. and so far so good. I'm feeling fine tonight - nothing going to happen after all. I'm at 145 and spending the night. Saturday, February 6, 1915 (The Kids' Birthday)

Our girl should have been 21 yrs. old today, and she did.

Oh Eunice, dear kid, how we miss you! I'll be about 11:30 P.M. tomorrow and I'm ready to "turn in" tired, but otherwise O.K. We get up about 9 A.M. and I stayed at 10:30 for breakfast. Then came home, did my stuff, went to see Mother Conway and also to 11:30 again.

With the little folk, I went to church to take some clothes and provisions to the folks there. They are having an election.

Decided to spend the afternoon after seeing my mother. I was glad to see them.

Thursday, February 2, 1915

Another day gone and a new week ahead of us. I wonder what it will bring forth. I got up at 9 A.M., dressed, and went to S.S. From there I went up to the library and then to the 11 Boro St. At the library, I saw a paper in which the honor roll of High School was published. 60 of the seniors made the honor roll. 99% were of the 20 "alumni pete." I stand third in my section this year. The entire alumni class led all the rest of the classes in the city. Both by general average and by individual marks. 8 of us were.

People make the honor list. 2 on the 99.7 (Jennie Coates & me) and 6 on the 99.0, which I'm not so bad as 99.7, and 9 on the 98.5, and 1 on the 98.0. It's only 4 on the 97.0, and 1 on the 96.0. I'm not doing too badly, I guess. I'm not doing too badly.

Sunday, February 7, 1915

My Sunday was spent quite pleasantly.

A 'tho Monday as usual, rain clouds all day long. Took my cooking lesson. Then went to 609 at 611. Where I spent my time quite pleasantly until the regular school hours. Nelson took me, and I had the time of my life. I was dressed "to kill" to - and my rig put on made a hit. AIB was "parade from head to foot with just a white Aglaeas with my hair. At last that "peevy" Old Commencement essay is started! I did it tonight. I've read all my reading material and finished the introduction--and it's to be done by Tuesday. And I'll have to hustle! It is now 12:05 A.M. and I'm being nice, not tired, but feeling fine. I got up about 7:30 a.m. studied and went to school, then I "called" on Lady Lewis to her matter. Came home and finished a letter to my dear "Little Miss". I got a circular of information from Cornell--no other mail came for me. I woke at 7:30, finished writing. The weather was cold, cloudy. So I should write. Should read--more: "April All's well here, there, everywhere."

Well, the essay is finished "in the rough"--all but the conclusion. It is now 1:30 A.M. I'm retiring, as much as can be. I've just stopped writing. The weather all day was great. I went to town & bank, then came home and "got busy," said Lady Lewis. Her mother, Mrs. Easley, on our side "called" with them at 11:45. I was there the day before. I got more Cornell literature in my mail. Wrote them answers, that "repeal" will hold the tax, and I'll make it appear as if I'm going my way soon. Ha! I'm off at 7:30. I'm felt fine all day, there's a fire somewhere, then the cold.

Sunday, April 18, 1915. (A very pleasant day.)

Old Atlas, when he shifted his burden to the shoulders of Hercules, must have felt some relief. I felt O.K. if his feeling were like mine just now. Boy! But I'm tickled! My essay is finished completely--except in title and all--and the proof that's doing this writing--did the essay. Has its heart! I'm tired now as heard where I then in 3:15 at M. I got up at 7:30 "called" went to bed. Get Mr. Howard guessy in them 2 stopped at 6:15 of to find. Also at 4:15 there. Weather was warm. New Cathed church.
