Pratt

Indians

Dr. Aynew

Dear Sir,

I want to
thank you myself for the
five dollars you were so
kind as to send me for
the Indians of my class.

I do not know exactly
what they need most at
present but shall write
to ask Capt. Pratt or whom
you send it for them to the
best advantage I can.

I am so sorry that we
are to be disappointed
about Howling Wolf's
coming. To be under your
treatment for a while. It
would have been to his ad-
vantage in every way, &
no doubt had a good
effect upon the Indians
generally. They might
believe that there was
among the white men
some trustworthiness &
honor. Perhaps when

April South's next letter comes to
my hands. It may suggest some
plan which will make Mr. Loring meet
coming, yet possible. Nothing was done
for this year after I demer operated upon
them, until the proposition to bring
him to New York was made. & we
cannot feel confident of any one
treating them success fully but you
act. I am so glad that you do not
like so many others think the Indians
all treacherous, & incapable of civilization

Dr Agnew
Dear Sir,

I want to thank you myself for the five dollars you were so kind as to send me for the Indians of my class.

I do not know exactly what they need most at present but shall write to ask Capt Pratt & then spend it for them to the best advantage I can.

I am so sorry that we are to be disappointed about Howling Wolf's coming to be under your treatment for awhile. It would have been to his advantage in every way & no doubt had a good effect upon the Indians generally. They might believe that there was among the white [illeg.] some trustworthiness & honor. Perhaps when

Capt. Pratt's next letter comes to my husband it may suggest some plan which will make Howling Wolf's coming, yet possible. Nothing was done for his eyes after Dr. Lang operated upon them, until the proposition to bring him to New York was made & we cannot feel confident of any ones treating them successfully but your self. I am so glad that you do not like many others think the Indians all treacherous and incapable of civilization

Yours very truly
Amy A Carothers
