PRAYERS.		1	<i>Ex.</i>
PUBLIC WORSHIP.			

Dickinson College,

Jan 22 1848

SIR:—By the reports which we send monthly to parents and guardians, they may learn the manner in which their sons and wards perform their duties in the several departments. It is hoped, in this way, to secure, as it may be needed, that influence from home, which more than any other, contributes to the promotion of studious habits and orderly deportment among students. Indeed, it is earnestly desired that, at all times, parents will correspond frequently with their sons while at college.

The Patron's account, which accompanies this, exhibits the items of expenditure since the last report. If there be any thing in it not entirely satisfactory, we hope you will communicate with him forthwith. Parents and guardians cannot desire more earnestly, than do the authorities of the institution, the utmost economy on the part of students.

Every minor whose parent or guardian does not reside in Carlisle, is required to have a Patron (who may be selected from among the Faculty, or the citizens of the Borough,) with whom all funds for the use of the student must be deposited, and by whom alone they are to be disbursed, whether for payment of bills or *pocket money*. All remittances should be made directly to the Patron, or by draft payable to his order.

In all cases where a student is expected to incur any other expense than the necessary bills for tuition, board, text-books, etc., it is earnestly requested that his parent or guardian will furnish written instructions to the Patron, stating the nature and extent of such expenditure; as, otherwise, it is impossible for him to know what articles of clothing or other incidentals may be necessary for the student.

All letters to officers of the college should be *post paid*.

ROBERT EMORY, *President*.

Dr. Sir
I gave the order to Prof Cook; but I have
no statement your money—
I have done what I am able to do.— Will
you please get Mr Harding to attend to it
hereafter— Perhaps it would have been the better
way at first, to have made the communication through
Mr Harding— I have sent you the College Register

in which you will see names of the
Trustees and their address, you desired
With great respect,
Wm. E. Judson

Dickinson College

Sir:—By the reports which we send monthly to the Trustees, in which their sons and wards perform their duties in the several departments. It is hoped, in this way, to secure, as it may be, that influence from home, more than any other, contributes to the promotion of studious habits and order, beyond what the students, I judge, it is earnestly desired that at all times, parents will correspond from their own whilom colleges.
The Patron's account, which accompanies this, shewing the items of expenditure since the last report. If there be any thing in it not entirely correct, you will communicate with him forthwith. Parents and guardians cannot be too particular in their examination of the authorities of the institution, the most economy on the part of students.
Every parent or guardian does not reside in British isle, is required to have a Tutor (who may be chosen among the Faculty, or the officers of the Borough), with whom all bills for the use of the student must be deposited, and by whom, when they are to be disbursed, whether for payment of bills or pocket money. All remittances should be made directly to the Patron, or by draft payable to his order.
In all cases where a student is expected to incur any other expense than the necessary bills for tuition, board, text-books, etc., it is earnestly requested that his parent or guardian will furnish written instructions to the Patron, stating the nature and extent of each expenditure; as otherwise it is impossible for him to know what articles of clothing or other incidentals may be necessary for the student.
