SVHB

The Social Violations Hearing Board exonerated another anonymous party during a recent get-together somewhere on campus. It was alleged that a certain male senior abused in some manner a college official. The student was found not guilty, however, and the the Board reluctantly let him go without the usual slap on the wrist.

Civil Service Exam

College seniors will have an opportunity to compete in the very popular Federal Service Entrance Examination (FSEE) when it is given on a walk-in basis at our campus on February 20, 1971. Complete details and FSEE announcements are now available at the Placement Office.

During the past year more than 3,500 men and women competed in these tests and more than 60% attained an eligible rating.

The FSEE was designed with the college student in mind. One test taken one time in one place opens the door to approximately 60 different and challenging career fields in many Federal agencies at locations all over the country.

Want to Tutor?

There will be a brief (and that does mean brief) organizational meeting on Tuesday, February 2 (that's tonight) at 6:00 in HUB side-room 226 for all interested tutors for local elementary, junior high, or senior high school students. You must contact Sally Englehart (Box 387) or Janet Whiffen (Box 1653) if you are interested but cannot attend the meeting.

Academic Standards Committee

A definite procedure has been established for those wishing to petition to the Academic Standards Committee for the Spring Semester of the 1970-71 Academic year. If you have any questions on the subject see Stanley Nodder, Jr., Associate Dean of the College, in Room 8 of West College. It is important that you know your rights, opportunities to support your petition, and your responsibilities.

Creative People!

The Belles Lettres Society will sponsor a poetry workshop on Wednesday, February 3, 1971 at 7:30 in the McCauley Room of Old West.

Also, the Society announces the deadline for submission of material to be published in the spring 1971 Belles Lettres Revue as February 15, 1971.

Please send all writing, photography and graphics to HUB Box 945, or submit them to Steve Nicholas at the Dickinsonian office.

PLEASE NOTE

Due to surreptitious maneuvering within the hierarchy of the Senator, the official Holland Union box number of this rag has been changed to #1593. All notices should be in this box by 1:00 the day before the Senator is due to appear; otherwise no guarantee of printing can be made (of course, there is no guarantee anyway).

ECO-ALERT

On Thursday, February 4, a representative of the Chevron Oil Company will be in the HUB. A year ago Chevron was responsible for the oil slick off the Gulf coast that covered an area of up to 70 mi.² for approximately 2 months. Those who wish to express their condemnation of Chevron's actions last February are asked to sign a petition in the lobby on Thursday, February 4.

TUTORING

There are several openings left for anyone who is interested in tutoring local elementary students for 1 or 2 hrs. a week. All interested persons please contact Janet Whiffen (box 1653) or Sally Englehart (box 387) by Thursday afternoon.

STUDENT AFFAIRS WOMAN

Senior women interested in serving on next semester's Student Affairs Committee are asked to contact box 1120. Would you?

Of Importance to All Dogs

During the last several weeks unattended dogs have created a problem on campus. There have been instances of members of the College Community being attacked by these dogs and of the dogs creating nuisances in College buildings.

Beginning Monday, February 8, the local Humane Society will be impounding stray dogs found on the Dickinson Campus. All students should bear this in mind and take appropriate steps to see that their pets are licensed by the county and confined or chained so that they will not be picked up as strays.

So, if you want to take out a dog, at least put her on a leash to protect the rest of us.

Life Saving

A Senior Life Saving class will start in the Dickinson Pool on Tuesday, February 9th from seven to nine p.m.

I-F Sports

The Dickinson I-F bowling season got under way last Thursday night with three teams sweeps of their opponents. S.A.E., Z.B.T., and Beta each have four and nothing records. Phi Delta and the Independents each took three of four. Sigma Chi was the only team not active last week. Craig Lekach bowled only one game, but took the high average with a 217. Bob Dykes averaged 198, and both Andy Watson and Kevin Gelnow came in with 176. Dykes, Gelnow and Lekach rolled the high games with 247, 227, and 217 respectively.

In the race for the Supremacy Trophy, won by Alpha Chi Rho last year, Sigma Chi and Zeta Beta Tau are involved in a close struggle. With football, golf, and volleyball done Sigma Chi leads with 62 points, while Z.B.T. has 61. Then come Phi Kap at 44 and AXP with 41.

Offenders

Any student interested in working with (i.e. tutoring counseling) juvenile offenders in the Carlisle area please contact Brian Lyke at the Chaplain's Office.

Help Fill This Rag!

Come on people. I know you're not that interested in who bowled what. The Senator is the place to send all announcements of any interest to almost anybody. We'll type up this piece of dirt if only you'll send us things to type. Send us wedding invitations, doctor bills, your grades, or anything! If we can print information in here then some poor soul won't have to stuff 1500 pieces of paper in 1500 different mail boxes. We might (according to several vicious rumors) even print this thing once a day for the sake of paper conservation and for your enlightenment. Just send everything to Box 1593 and you too can be a genuine conservationist, saving this country from the terrors of big business. Right on, would you.

DOGS

Dogs on the Dickinson campus have been causing trouble over the past few weeks. Not only that, but many of the K-9's have also been responsible for a degree of anxiety.

But law and order will again rein on this campus. As of Monday, February 8, the local Humane Society has been impounding stray dogs, i.e., K-9's, found on the Dickinson campus. All students should bear this in mind and take appropriate steps to see that their pets are licensed by the county and confined or chained so that they will not be picked up as strays.

So, if you want to take out a dog, at least put it on a leash to protect the rest of us (ED. note--this may not be original, but its still true).

.....

In spite of the overwhelming public furor aroused by this ad the first time, we have been asked to repeat the notice that the Biology Dept. will sponsor a lecture by Dr. Anna Ruth Brummett, Assoc. Professor of Biology at Haverford College, on "Experimental Evidence for Early Determination in Cells of the Developing Fish Embryo." This sterling performance will be given at Dana 110, on Feb. 11 at 8 pm. So if you have anything you want determined early and if you can't find Jean Shephard or Cal Karnac the Magnificent, take your question to the fish embryo. Or find your own.

STUDY IN INDIA

...Dickinson Students interested in exploring the possibility of studying in India at the University of Mysore from 7/15 to 12/15, 1972, should contact Professor Ralph Sletten, rm. 208, Bernard Center (or just ask for the Maharishi). Application forms may be obtained from him. Students have just recently returned from the program, and they will be available to answer questions and do that karma thing on February 14 (Monday) at 5 in room 222 of the Holland Union. Bring dinner and questions with you. But don't question the dinner--it's the best they serve.

.....

Anyone who understood the above notice is requested to explain it to Your Editor so he can explain it to his few remaining friends.

The staff of the Mermaid's Tale is having a meeting of Wednesday, February 23 at 6 pm in NUS 221. Anyone interested is urged to come! We need suggestions for next year's booklet.

WILL SOMEBODY GO SEE BRIAN LYKE IN THE CHAPLAIN'S OFFICE AND TUTOR CHILDREN SO I CAN STOP RUNNING THIS SAME NOTICE WEEK AFTER WEEK?? (actually, I'm just jealous because Brian's name is in this thing more than mine is--ed.)

We didn't get anything in the mailbox again for this issue. This upsets my sense of editorial accomplishment, hurts my pride, injures the self-awareness of the Dickinson Community, and makes my nose run. Send in letters, advice, food, or lice to box 311. You'll be sorry you did. Deadlines are TTh, 5 pm. See ya.

About Those Dogs...

It was falsely reported last week that Dickinson pets had to be on leashes. They need only be supervised. Pets must, however, be licensed. We don't want to make it any tougher for you guys than it already is.

LACROSSE

Varsity lacrosse candidates will meet Wednesday afternoon February 17 at 5:00 PM. The meeting will be held in the basement of the gym.

SMOKERS

Anyone smoking Salem cigarettes please send your empty packages to box 911.

CORRECTIONS

Our ace Placement Office has been kind enough to let us know of a correction in the Recruiting Schedule. Lancaster Seminary will be here at Dickinson on Tuesday, February 16 from one to three PM.

CARLISLE FATS

The Intramural Department is sponsoring an all-college pool tournament. This could be the really big event of the year. The competition is open to faculty, administration, and students of Dickinson College - male or female. Sign up in the game room or on the intra-mural bulletin board. Deadline is February 18.

OF GENERAL INTEREST

First of all, I'd like to know who General Interest is! Anyway, there are hundreds of summer camp job notices in the Carlisle papers. Many of these are not "just rich kid suburban rest homes, but opportunities to help underprivileged or work with other special populations."

Volunteers are needed for each of the following:

1) Yoke Crest, a halfway house in Harrisburg which exists for the purpose of integrating released convicts into society.

2) The Children's Detention Home in Harrisburg, where juvenile offenders are given very little personal attention.

Please call Mr. Mitchell Reigel at Yoke Crest to offer your help for either of these situations.

HELP NEEDED

CARNIVAL

Don't forget, Follies presents Carnival April 2,3, and4! If you don't want to be left out of this highlight event of the college year, order your tickets now. I don't know how you can order your tickets, but try to do it anyway.

ULTIMATUM

All right people, I've had enough. We've given you every chance to send in junk to be printed in this fantastic tabloid. Still, you refuse. This is the last, yes, last warning. We have ways to make you talk. If you refuse to send material to us by next week I will, once again, give the results of IF Bowling. Ah hah! That got to you, eh? I will not only give bowling results, but I may blow all of your minds by revealing an up-to-date version of the Supremacy Trophy standings.

Now, when I said we'd print anything, I meant it. This is, after all, a paper by, of, and for the people (what ever that means). You will notice that we have revealed our names so you can know just who to complain about at Senate meetings.

\$\$\$\$\$\$\$\$\$\$

An announcement about a \$45 tuition increase over previously stated charges for the 1971-72 academic year has been mailed to parents of freshmen, sophomore and junior Dickinson students. A similar mailing has gone to the parents or guardians of applicants for admission to the college for the 1971 Fall Term. See the Dickinsonian for further details.

RANDY

Anyone interested in working on ~~for~~ an underground "art film" concerning the sexual experiences of a Dickinson co-ed, please contact box 1344 by Monday, Feb. 22; it is stressed that there are openings for both men and women. Also, anyone with some good erotica please send it to the same address. Serious reply only!

INDEPENDENT STUDIES FOLDER

A folder apparently belonging to Tom Arms which contains material for an independent studies program in history has been turned in to the editor of this rag. Since the editor and his roommates harbor no desire to be history majors, and have no use at all for it, we request that it be picked up by dropping a note in Box 311 suggesting a means of return.

EDITOR'S NOTE

This is the first two-page issue of this piece of dirt that I can remember anyway, and I have to take it as a trouncing rejection of my nauseating attempts at philosophy and humor, etc. of the week before vacation. If someone actually grinned, chortled, cackled, snorted, smiled, giggled, etc. at anything at all in last week's issue, let me know so I'll stop this absurd thumb-sucking I've been doing since the last issue came out. In the meantime though, keep sending in all this other stuff too to BOX 311. Deadlines, for those short of memory, are 5 pm Mondays and Wednesdays.

If you want your copy to run in more than one issue, please say so.

It saves us a lot of nail biting. -g.p.c.

ROOM DRAWING-POSTPONED FOR MEN UNTIL 4/29

....so that a possible alteration in the fraternity housing policy may be considered by the fraternities. The proposal reads: If independent rooms for room drawing in a house are to be placed on the first floor, that they be placed together on the "even-numbered" side of the house (for a number of indes up to 10). If there are to be more than 10, the excess would be in the odd-numbered rooms in descending order. The argument for this proposal was that the rooms over the social floor, especially 101-105, were noisier than the ~~rooms~~ over the tv room, suite, and barroom. The Student Affairs Committee has asked the fraternities to respond to Dean Markwood by 9 am Friday 4/23 on their feelings concerning the proposal. The committee will meet at noon to consider the response. Anyone wishing to respond before the Student Affairs Committee see Neal Abraham, Dave Newell, or Lou Teti.

The self being made by projection and introjection, to have a self is to have enemies, and to be a self is to be at war (the war of every man against every man). To abolish war, therefore, is to abolish the self; and the war to end war is total war; to have no more enemies or self. -Freud.

I only want to try to live in accord with the promptings which come from my true self. Why is that so very difficult. -Hesse

This comes to me as an afterthought, but if I remember correctly; thinking in that case that is was appropriate at the time, although perhaps, if I wereto investigate further, I would discover that. contry to what I had said previously I had, in fact, forgotten what I was going to say.
