BELIEVE IT OR NOT Yes, friends of Dickinson, although they pay \$5000 a year to go to school here, some people apparently don't know the difference between a urinal and a pool table. In view of these recent occurrences, we suggest that all pool tables be equipped with plumbing, or, better yet, put all urinals on the social floors and equip every bathroom with a pool table. In any event, something must be done before every pool table on campus is wiped out.
