Dear Sir,

Whilst in Washington I received your favor of the 31st January accompanied by your two pamphlets on the Tariff question. It was impossible for me whilst there to bestow upon them any attention, - as no subject was spoken of or thought of, morning noon or night, except the Slavery question. Since my return, I have perused them cursorily, but I intend to give them a careful reading as soon as I shall have leisure. They are written with much ability & the facts are clearly stated; but yet it does seem, at least at first view, somewhat paradoxical to contend that the road to free trade is by the way of a protective Tariff.

Thanking you cordially for your pamphlets & requesting that you would send me whatever else you may write ^{or have already written} upon the subject, I remain yours very respectfully,

Henry C Carey Esq
