A stylized, grey-toned graphic of the Chrysler Building's spire, centered vertically and horizontally. The spire features a series of pointed, sunburst-like patterns that taper to a sharp point at the top. Below the spire, a portion of the building's facade is visible, showing a grid of windows within an arched frame.

COMPLIMENTS OF

Welcome to the Betty Finney House/Wellspring Auction.

A shadow boxer pummels the air with blows to an imaginary opponent. Helpful practice perhaps in getting ready for a real fight, but frustrating because there is no such thing as winning, and even daunting because it's difficult to see progress. We are fighting an extremely formidable and elusive opponent. Similar to the virus itself, the face of AIDS is ever changing: more women, more children, more multi-cultural. While the affected/infected population increases, funding, educational programs, and support resources are continually decreasing. In addition to the fight against HIV, it's time to battle the myth, AIDS is NOT over.

As we enter the third generation of those with HIV/AIDS I sometimes feel like we are fighting a shadow. Although there's been ground-breaking advances in medications (though grossly expensive), many of our affected friends are managing the disease and living healthy lives. HIV/AIDS continues to be an incredibly demanding social and medical issue. Through bigotry and discrimination the fight against HIV doesn't stop at the hospital doors. The fight takes us into every neighborhood, every home and every family.

Make no mistake, this enemy is not a shadow. It is very real, and very deadly. Although AIDS may appear to have moved to the back burner, statistics show it is on the rise. Nationally and Locally HIV/AIDS is still a devastating disease. BFH/W is a small organization which provides housing for those infected/affected by HIV/AIDS. Our mission is to enable clients (and their families) to maintain a higher level of control in their lives. Presently the number of clients we are serving is down from 1999, this decrease is due largely to stagnant funding.

Since its onset, the HIV plague has threatened the dignity of its victims' lives. BFH/W preserves and restores that dignity by promoting an independent and positive living environment for our clients. We do so through the generous support from people, like you, throughout Lancaster and Lebanon counties.

Thank you for joining us in the fight. We are engaged in a very brutal on-going battle. We are making progress... ..Slowly. The war is not won, but through our efforts the "front lines" have been pushed back toward the disease. Hold our friends and loved ones, past & present, close to our hearts and in our memories. They are our strength to keep fighting. And remember, throughout history all plagues have come to an end.

Thank you for your involvement, your support, your encouragement, and your generosity. We couldn't do it without you. Thank you for being here tonight.

Your Friend in the Fight,

Father John

ROBERT J. GEARHART, JR., R.S.

340 SOUTH 8TH ST.
LEBANON, PA 17042

Dear Friends,

Welcome to the 4th Annual Betty Finney House/Wellspring Corporation Fundraiser - "New York, New York". We hope you have as much fun this evening as we had putting this event together! Keep in mind this evening is for a very worthy cause, so please be generous! You will be helping People Living With AIDS and their families to keep a roof over their heads, because after all, don't forget, "There's No Place Like Home"!

A very sincere and special thank you to all the contributing artists, businesses and celebrities that have donated so generously! We are overwhelmed by the tremendous response! Again, Thank you.

And last, but never least, thank you to the many dedicated, loyal, and hard working volunteers for all your efforts! Countless hours went into making this event a success and we certainly could not have done it without you.

Our Heartfelt Thanks,

John Bunte Pat Mastandrea

*John Bunteman & Pat Mastandrea
Auction Co-Chairpersons*

*Welcome to New York City,
the city that never sleeps!*

*Your visit begins with a walk
down "Broadway" where you'll
catch a glimpse, or an autograph,
of many celebrities.*

*Venture over to "42nd Street"...
...you'll never know what kind of
characters you'll encounter.*

*Gucci, Tiffany's, Chanel...
... "Madison Avenue" is the
the place to be for the "BEST"
that money can buy.*

*"The Village" is where you
can eat and drink to
your hearts content.*

*Feeling a little romantic... Take
the one you love for a starlit stroll
through "Central Park".*

*And before you leave - visit our
financial wizards on Wall Street.*

Have a Wonderful Evening!

Betty Finney House/Wellspring HIV/AIDS Memorial Garden

*Have you heard of the Betty Finney House/Wellspring
HIV/AIDS Memorial Garden?*

The garden has been created out of a partnership with the City of Lancaster. It's located at the intersection of West Lemon Street and North Water Street in the city's NorthWest Corridor Park. The purpose of the garden is to provide people with a place to remember their loved ones, make a statement of their support to those infected or affected by HIV/AIDS, allow opportunities for volunteerism, and to help beautify the city. The garden has been maintained since the 1st of December, 1995, when it was dedicated by the Mayor of Lancaster, Janice Stork.

The garden consists of spiral concrete walks, evergreens, deciduous trees, and perennial and annual plants; all the color RED. The spiral signifies the confusing nature of the disease and how people get caught up in its manifestations. The color RED symbolizes the passion the disease invokes, along with the compassion those infected/affected require. Every plant in the garden is a testimony to every human being's struggle and the war with the disease, along with the promise that the struggle is not in vain.

6"x4"x4" marble stones individually inscribed with loved one's name are available at the cost of \$25.
