Welcome to our House

The Betty Finney House
Corporation

"Restoring Dignity With Care"

The Betty Finney House Corporation is the only housing assistance agency for people living with HIV/AIDS in our fourteen county south-central Pennsylvania region. We support people with HIV/AIDS and their families by providing housing and/or financial assistance for housing needs, immediately as they qualify. Most of our clients are homeless and living on the streets, or in various local shelters. Often times clients are referred to us near death and with no place to go.

Although assisting with housing needs is our primary goal, we continue to help restore their dignity with care, recognizing that beyond anything else *people* are at stake. So beyond providing a roof over their heads, the Betty Finney House Corporation works to provide a positive living environment and coordination of community services to assure that those served received the practical, emotional, and spiritual resources necessary to maintain the quality of life that we all deserve.

To All Who Care,

Thank you for planning to attend the Betty Finney House Corporation's 1996 Fund-raiser, "Open The Door To Caring". I sincerely appreciate the warm response you have given my request for your attention and support to assist those afflicted with HIV/AIDS in Lancaster County. I am greatly honored to have family, friends, and acquaintances who will go forth and serve the community with me.

Today more babies than ever are born to mothers with AIDS and are often infected themselves. People from all walks of life are affected by this disease every day. In cooperation with the Betty Finney House Corporation, you can help make a difference in the lives of the children and families afflicted with HIV/AIDS in Lancaster County.

The proceeds from this evening will help provide for the housing needs of AIDS patients, increase the efforts being made to prevent homelessness, and minimize disruption of their homes and lives. They will also be used to take people from the increasing waiting list and place them into the program to begin restoring dignity with care.

Sincerely,

Michelle Sheaffer

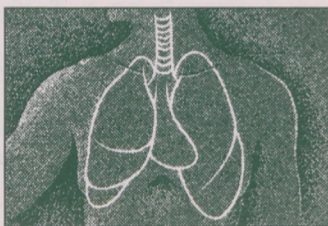

Together for your health.
