Betty Finney House/Wellspring Auction

Welcome!

Thank you for joining us here tonight. It is our pleasure to again host this benefit auction. Your enthusiastic response and generous support warms our hearts- and enables BFH/Wellspring to continue to fulfill our mission of providing a positive housing environment for those infected with or affected by HIV disease.

I also want to acknowledge and thank the people who have worked so hard to plan, design and create this evening's event. John Bunteman stepped forth for the second year in a row to be chairperson. Unfortunately, his battle with HIV disease also took this moment to become critical. His courage and effort to complete the task, working primarily behind the scenes, has been heroic. Again this year Pat Mastandrea has tirelessly worked as John's back-up. Their commitment and their attention to every detail is phenomenal. What we are enjoying tonight is a result of their dedicated leadership and passionate commitment to caring for those with HIV disease.

Many others also joined John and Pat to make tonight happen. Thanks to all of you! Now together, let's enjoy this evening and generously participate, knowing we are supporting a very worthy cause but more particularly are helping people maintain dignity and control of their lives.

Sincerely yours,

Father John

Dear Friends,

Welcome to the 5th Annual Betty Finney House / Wellspring Corporation fundraiser, "VIVA LAS VEGAS". We are very grateful for your participation, especially this year!

As with all non-profit organizations, federal funding has been cut, ours by \$111,000 this year alone. In light of the recent tragedy on September 11, many people were understandably committed to helping the victims families, which has impacted on us receiving less support than usual.

With your donations, you will be helping people and their families living with HIV disease to keep a roof over their heads, because after all, don't forget, "There's No Place Like Home"!

A very sincere and special thank-you to all the contributing artists, businesses and celebrities that have donated so generously.

And last, but not least, thank-you to the dedicated, loyal and hard working volunteers for all your efforts. Countless hours went into making this event a success and we certainly could not have done it without you.

Our heartfelt thanks,

John Bunte Pat Mastandrea

**A MESSAGE FROM
MITCHELL ANDERSON
PARTY OF FIVE CO-STAR**

Dear Friends,

I want to explode a myth about gay actors in Hollywood.

You may have heard about my recent appearance at GLAAD's Media Awards in Los Angeles, where a reporter covering the event asked me what it was like for a straight actor to play a gay role (I play the character of Ross on Fox TV's *Party of Five*).

In the past, I've "danced" around these questions from reporters. But that night it was different. When I approached the stage as a presenter for this year's awards, I decided it was time to change the way Hollywood perceives actors who play gay roles so I "came out" as a gay actor. Some believe that out-of-the-closet actors can't get good straight roles. Since my career already includes some impressive roles, now we can see just how casting agents manage me as someone who is a known entity, but with a new dimension.

Not only am I the same actor I always was, and dedicated to my craft, but I am also someone who has worked in the trenches to elect a former actress as an openly lesbian member of the California Assembly, Sheila Kuehl. I've also been involved as a volunteer for various AIDS activities and organizations and serve on the board of Artists for a Hate Free America. I am no stranger to activism.

No doubt there are some who believe I've unnecessarily damaged my career and my ability to get new parts. That remains to be seen, but what I did that night at the GLAAD Media Awards has been very positive for me. The support I've received has been enormous, and I'm somewhat surprised that such a simple statement can have such a dramatic impact.

You can help more actors come out by sustaining the work of GLAAD, an organization that is changing the way America sees us. GLAAD's work goes beyond the Media Awards, as it fights for accurate and inclusive representation of gays and lesbians in film, television and the media. Hopefully, we won't need GLAAD someday, but right now we have to press the fight. I hope you will join me in making sure that we don't go back to those days illustrated in *The Celluloid Closet*, when gays and lesbians characters were hidden from view.

Thank you for your generous support.

Sincerely,

Mitchell Anderson
