### Comment from a Concerned Citizen

How will the next 4 years affect our lives or even the next 20 to 30 years? We can make a difference and impact our government as never before. But, only if we vote! If current statistics are correct, there are at least 25,000,000 Gay & Lesbian voters. **We can influence this election.**

While we are fighting to be recognized as valuable members of society, there is another group equally fighting to ensure that it doesn't happen. Conservative religious groups, including millions of Christian Fundamentalists, are banding together to vote for a conservative administration who will appoint conservative Supreme Court Justices. The freedoms that have been granted to us can be taken away! They want to re-establish "Family Values". (This means there is no room in their plan for Alternative Lifestyles.) The movement is strong and should not be underestimated.

We must overcome their influence by registering to vote. **The deadline is October 5th.** Registration materials may be found in your local County Voter Registration Office or send a SASE to: Doug Warner - 422 W. Philadelphia St., York, PA 17404.
