Barb is a well-respected activist across the state of Pennsylvania and is anxious to teach you the tools used to strike back at the religious right-to reclaim the debate that would subvert our American democracy. This workshop will empower you with the facts to expose right-wing myths, and provide practical steps to make your opinion heard where it counts simply by writing letters and making phone calls. With your new knowledge you can effect such vital issues as education, welfare, crime, civil rights, the environment and much, much more. Learn more about the new Civil Rights Coalition (a state-wide coalition) now forming! This event is open to all interested persons and is free of charge. For more information call (717) 757-4270 or email: herstory@netrax.net

COMMON MYTHS ABOUT IRAs

(Provided by Prudential Securities)

Saving for retirement is so important that the government provides ways to help you in the form of tax-advantaged savings vehicles—one of the easiest of these accounts to open and build is the Individual Retirement Account (IRA). IRAs allow you to save up to \$2,000 each year in a tax-deferred and perhaps a tax-deductible, or in the case of the Roth IRA, a potentially tax-free account.

Many people avoid IRAs because they don't understand their benefits. Here are some common myths... and the truth about IRAs.

I don't need an IRA, I'll have Social Security: Social Security pays only 40% of the average retiree's income.

I'm covered by my company's retirement plan so I can't open an IRA. You may have both.

If I can't deduct IRA contributions, there's no benefit. Even without tax deductibility, IRAs are one of the most efficient ways to save for retirement since income tax on all earnings in your IRA are deferred until you withdraw them, and—in the case of the Roth IRA—may even be tax-free then.

Why bother? IRAs don't earn much interest. Since your choices are not limited, you may be as aggressive or as conservative as you wish, even rolling over company plans if you leave your employer.

When it comes to saving for retirement, the hardest part is often getting started. However, IRAs are one of the easiest and most cost-effective ways to get your retirement savings strategy out of the land of fairy tales and into reality. If you have questions, a good financial advisor can assist you in determining your best options. And, remember, you have until April 15 to make contributions for the 1997 tax year.

*Prudential Securities is not a tax advisor.
