From the Artistic Director

I could never have imagined back in 1982, when we mounted the first Lily Show as a fund raiser for the Switchboard that I would still be doing this fifteen years later and for such a different reason. There have been so many wonderful moments during these years and so many moments of excruciating pain; good times and bum times but we're still here celebrating what has always mattered the most - one another. There have been many honors given me over these years and I have always made a conscious effort to accept everything in the Company's name because it is the people of this Company; the performers, technicians, board members, volunteers and supporters that have enabled us to do whatever good we have accomplished. This year's message is a simple one - Thank You - to everyone who has in any way, at any time and by any means what so-ever assisted us in our undertakings.

"Endeavors succeed or fail because of the people involved. Only by attracting the best people will you accomplish great deeds." -
Colin Powell

I have been blessed for the past fifteen years to be surrounded by only the best people, whose unselfish endeavors have allowed us to accomplish such remarkable deeds. My undying gratitude to you each and every one.
